

The Primary PE and sport premium

Planning, reporting and evaluating website tool

Updated September 2023

Commissioned by

Department for Education

Created by

This template can be used for multiple purposes:

• It enables schools to effectively plan their use of the Primary PE and sport premium

 It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium

 It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider

the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make additional and sustainable improvements to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the period of the peri

they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated Primary PE and sport premium guidance.

The Primary PE and sport premium guidance, outlines 5 key priorities that funding should be used towards. It is not necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. **All funding must be spent by 31st July 2024.**

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2022/2023)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

Activity/Action Impact Comments

Continue to consolidate the PE curriculum - new PE planning scheme - PE Hub	A range of sports were taught using PE planning resource. Whole staff training helped with teaching of lessons.	Planning scheme to be supplemented with other activities to ensure children are receiving a range of activities. continue to support staff with teaching. New resource to be used.
PE week in Summer term to be replicated this year.	Sports Days delivered across the school. Children more engaged in competition. Parental engagement as they can watch/support children.	Build on this from last year - v. successful. Look at mixing year groups to support younger children and help with whole school feel.
Pupils can swim with more competence and confidence.	Children to make accelerated progress due to year groups revisiting rather than having a year block.	Swimming is split between KS2 years. This will continue going forward and allows children the opportunity to do swimming lessons in years 3, 4, 5 and 6.
Opportunities for inter-house and inter-school competitions and festivals.	Not fully effective due to staffing and timetable constraints. Did work when run and the children enjoyed it.	Timetabling and staffing to look at going forward. Works well building activities into Sports week in Summer 2.

Key priorities and Planning

This planning template will allow schools to accurately plan their spending.

Action – what are you planning to do	Who does this action impact?	Key indicator to meet	Impacts and how sustainability will be achieved?	Cost linked to the action
Continue with PE scheme of work	Staff will feel more confident teaching PE and they will be more competent. Children will be able to experience a wider range of sports. Improve child engagement. Tracking of coverage and progression clear.	Key Indicator 1: Increased confidence, knowledge, and skills of all staff in teaching PE and sport. Key indicator 2 -The engagement of all pupils in regular physical activity — the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity per day, of which 30 minutes should be in school. Key indicator 3: The profile of PE and sport is raised across the school as a tool for whole-school improvement. Key indicator 4: Broader	Children and staff have a better experience of PE lessons - teaching and participating. Staff to feel more confident teaching PE and have a better understanding of skills needed. Scheme to support this. Better assessment/tracking of PE - outcomes and recording - Whole class feedback forms	scheme subscription for the year
		experience of a range of sports and activities offered to all pupils. Key Indicator 1: Increased		

Wellschools	Access to CPD for staff -	confidence, knowledge, and	CPD will upskill staff to	£1500
Wellschools membership	increase confidence and knowledge Access to a variety of sporting competitions - Chance for the	skills of all staff in teaching PE and sport. Key indicator 3: The profile of PE	CPD will upskill staff to teach lessons / take OAA sessions in school and also upskill PE Leader to deliver CPD. Competitions and participation events will allow children to see what sports there are and then pursue these if interested.	£1500
Swimming add on sessions for Year 6 in summer 2	access other opportunities through sport. Allows children more time to complete 25m confidently and competently. Also allows children more experience at water safety and staying safe in and around water.	sport. Key indicator 2 -The engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all		£282 per day (5 days) - total £1410

Rackets Cubed -Will allow 30 children to engagement of all pupils in Possible links with £1050 - £350 per reaular physical activity – the initiative for 30 experience sports coaching term. We have sports coach to do that they wouldn't otherwise. Swimming Data

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

Question	Stats:	<u>Further context</u>
		Relative to local challenges
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	%	Use this text box to give further context behind the percentage. e.g., 30% - we are struggling to get pool space due to our local pool closing so we have had to use a much smaller local school pool. We have had to limit the number of pupils attending swimming lessons during one term which means some pupils have attended fewer swimming lessons than others.
What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]?	%	Use this text box to give further context behind the percentage. e.g., Even though your pupils may swim in another year please report on their attainment on leaving primary school at the end of the summer term 2024

What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations?	%	Use this text box to give further context behind the percentage.
If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?	Yes/No	
Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?	Yes/No
